

## Getting **WET** and **WILD** about Wetlands!

### Project WET and Project WILD Combined Workshop at Lilly Nature Center

**Who?** All K-12 educators are invited to participate in a **Project WET** and **Project WILD** hands-on workshop. This includes classroom and home school teachers, and college students.

**What?** This **FREE Project WET** (Water Education for Teachers) and **Project WILD** training includes hands-on demonstrations of the lessons and activities in the **Project WET** and **Project WILD** Curriculum and Activity Guides. Participants will become immersed in interactions of water and its critical value to wildlife. Participants will learn how both programs can be integrated to develop a unit on a specific subject. The theme for the day will be wetlands. Upon completion, participants will receive **BOTH** the **Project WET** and **Project WILD** Curriculum and Activity Guides **FREE** and be able to supplement classroom interdisciplinary work with hands-on water and wildlife activities.

#### **When and Where?**

**Saturday, November 21, 2009**

**8:30am- 5:00pm**

**The workshop will be offered at**

**The Lilly Nature Center (located at Celery Bog)**  
**1620 Lindberg Rd, West Lafayette, IN 47906**

**Facilitator: Mary Cutler, Naturalist**

**Tipp. Co. Park & Rec Dept**

#### **Sign Up Today**

The **Project WET** and **Project WILD** Curriculum and Activity Guides together contain more than 200 interdisciplinary activities which cover topics aligned with Indiana state standards including: water is essential for all life to exist and has unique physical and chemical properties, eco-systems and niches, and responsible actions toward wildlife and related natural resource concerns.

The guides are only available through training workshops provided by **Project WET** and **Project WILD** facilitators. Size of workshop is limited to the first **25** educators. Participants can receive Continuing Renewal Units (CRUs) for professional development.

**How to Register:** e-mail the registration information below by November 16, 2009 to:
